I. I. T. M. RESEARCH REPORTS

- Note on the turbulent fluxes of heat and moisture in the boundary layer over the Arabian Sea, Sinha S., August 1971, RR-002.

- Simulation of the spectral characteristics of the lower atmosphere by a simple electrical model and using it for prediction, Sinha S., September 1971, RR-003.

- Study of potential evapo-transpiration over Andhra Pradesh, Rakhecha P.R., September 1971, RR-004.

- Climatic cycles in India-1: Rainfall, Jagannathan P. and Parthasarathy B., November 1971, RR-005.

- Tibetan anticyclone and tropical easterly jet, Raghavan K., September 1972, RR-006.

- Theoretical study of mountain waves in Assam, De U.S., February 1973, RR-007.

- Dynamical parameters derived from analytical functions representing Indian monsoon flow, Awade S.T. and Asnani G.C., November 1973, RR-012.

- Meridional circulation in summer monsoon of Southeast Asia, Asnani G.C., November 1973, RR-014.

- Semi-annual pressure oscillation from sea level to 100mb in the northern hemisphere, Asnani G.C. and Verma R.K., August 1974, RR-017.

- Suitable tables for application of gamma probability model to rainfall, Mooley D.A., November 1974, RR-018.

• Dynamical parameters derived from analytical function representing normal July zonal flow along 87.5°E, Awade S.T. and Asnani G.C., May 1978, RR-022.

• Study of trends and periodicities in the seasonal and annual rainfall of India, Parthasarathy B. and Dhar O.N., July 1975, RR-023.

• Southern hemisphere influence on Indian rainfall, Raghavan K., Paul D.K. and Upasani P.U., February 1976, RR-024.

• Poisson distribution and years of bad monsoon over India, Mooley D.A and Parthasarathy B., April 1980, RR-027.

• On accelerating the FFT of Cooley and Tukey, Mishra S.K., February 1981, RR-028.

• Wind tunnel for simulation studies of the atmospheric boundary layer, Sivaramakrishnan S., February 1981, RR-029.

• Hundred years of Karnataka rainfall, Parthasarathy B. and Mooley D.A., March 1981, RR-030.

• Study of the anomalous thermal and wind patterns during early summer season of 1979 over the Afro-Asian region in relation to the large-scale performance of the monsoon over India, Verma R.K. and Sikka D.R., March 1981, RR-031.

• Some aspects of oceanic ITCZ and its disturbances during the onset and established phase of summer monsoon studied with Monex-79 data, Sikka D.R., Paul D.K. and Singh S.V., March 1981, RR-032.

• Meteorological rocket payload for Menaka-II / Rohini 200 and its developmental details, Vernekar K.G. and Brij Mohan, April 1981, RR-034.

• Limited area five level primitive equation model, Singh S.S., February 1983, RR-038.

• Developmental details of vortex and other aircraft thermometers, Vernekar K.G., Brij Mohan and Srivastava S., November 1983, RR-039.

• Project report on multidimensional initialization for NWP models, Sinha S., February 1989, RR-042.
• Numerical experiments with inclusion of orography in five level P.E. Model in pressure-coordinates for interhemispheric region, Bavadekar S.N. and Khaladkar R.M., March 1989, RR-043.

• Application of a quasi-lagrangian regional model for monsoon prediction, Singh S.S. and Bandyopadhyay A., July 1990, RR-044.

• Fortran-77 algorithm for cubic spline interpolation for regular and irregular grids, Tandon M.K., November 1991, RR-046.

• Fortran algorithm for 2-dimensional harmonic analysis, Tandon M.K., November 1991, RR-047.

• 500 hPa ridge and Indian summer monsoon rainfall: A detailed diagnostic study, Krishna Kumar K., Rupa Kumar K. and Pant G.B., November 1991, RR-048.

• Documentation of the regional six level primitive equation model, Singh S.S. and Vaidya S.S., February 1992, RR-049.

• FORTRAN algorithm for divergent and rotational wind fields, Tandon M.K., November 1992, RR-052.

• Experimental set-up to estimate the heat budget near the land surface interface, Vernekar K.G., Saxena S., Pillai J.S., Murthy B.S., Dharmaraj T. and Brij Mohan, July 1993, RR-056.

• Deterministic chaos and numerical weather prediction, Selvam A.M., February 1994, RR-058.

• Universal spectrum for fluxes of energetic charged particles from the earth’s magnetosphere, Selvam A.M. and Radhamani M., June 1995, RR-063.
• Estimation of nonlinear kinetic energy exchanges into individual triad interactions in the frequency domain by use of the cross-spectral technique, Chakraborty D.R., August 1995, RR-064.

• Thermodynamics of the mixing processes in the atmospheric boundary layer over Pune during summer monsoon season, Morwal S.B. and Parasnis S.S., March 1996, RR-066.

• Some numerical experiments on roundoff-error growth in finite precision numerical computation, Fadnavis S., May 1996, RR-068.

• Fractal nature of MONTBLEX time series data, Selvam A.M. and Sapre V.V., May 1996, RR-069.

• Homogeneous regional summer monsoon rainfall over India: Interannual variability and teleconnections, Parthasarathy B., Rupa Kumar K. and Munot A.A., May 1996, RR-070.

• Universal spectrum for sunspot number variability, Selvam A.M. and Radhamani M., November 1996, RR-071.

• Development of simple reduced gravity ocean model for the study of upper north Indian Ocean, Behera S.K. and Salvekar P.S., November 1996, RR-072.

• Diagnostic model of the surface boundary layer - A new approach, Sinha S., February 1999, RR-079.

• Computation of thermal properties of surface soil from energy balance equation using force - restore method, Sinha S., February 1999, RR-080.

• Fractal nature of TOGA temperature time series, Selvam A.M. and Sapre V.V., February 1999, RR-081.

• Evolution of convective boundary layer over the Deccan Plateau during summer monsoon, Parasnis S.S., February 1999, RR-082.

• Numerical investigation on wind induced interannual variability of the north Indian Ocean SST, Behera S.K., Salvekar P.S. and Ganer D.W., April 1999, RR-085.

• Reduction of AGCM systematic error by Artificial Neural Network: A new approach for dynamical seasonal prediction of Indian summer monsoon rainfall, Sahai A.K. and Satyan V., December 2000, RR-088.

• Estimation of nonlinear heat and momentum transfer in the frequency domain buy the use of frequency co-spectra and cross-bispectra, Chakraborty D.R. and Biswas M.K., August 2002, RR-094

• Real time simulations of surface circulations by a simple ocean model, Reddy P.R.C., Salvekar P.S., Ganer D.W. and Deo A.A., January 2003, RR-095

• Evidence of twin gyres in the Indian ocean : new insights using reduced gravity model by daily winds, Reddy P.R.C., Salvekar P.S., Ganer D.W. and Deo A.A., February 2003, RR-096

• Dynamical seasonal prediction experiments of the Indian summer monsoon, Mujumdar M., Krishnan R. and Satyan V., June 2003, RR-097

• Thermodynamics and dynamics of the upper ocean mixed layer in the central and eastern Arabian Sea, Gnanaseelan C., Mishra A.K., Thompson B. and. Salvekar P.S, August 2003, RR-098

• Measurement of profiles and surface energy fluxes on the west coast of India at Vasco-Da-Gama, Goa during ARMEX 2002-03, Sivaramakrishnan S., Murthy B.S., Dharamraj T., Sukumaran C. and Rajitha Madhu Priya T., August 2003, RR-099

• Time – mean oceanic response and interannual variability in a global ocean GCM simulation, Ramesh K.V. and Krishnan R., September 2003, RR-100

- Initialization experiments over Indian region with a limited area model using recursive digital filters, Badyopadhyay S. and Mahapatra S., July 2004, RR-104
- Sensitivity of Indian monsoon rainfall to different convective parameters in the relaxed Arakawa-Schubert scheme, Pattanaik D.R. and Satyan V., October 2004, RR-105
- Simulation of tropical Indian ocean surface circulation using a free surface sigma coordinate model, Prem Singh and Salvekar P.S., December 2004, RR-106
- Diagnostic analysis of wintertime rainfall events over the Arabian region, Mujumdar M.S., April 2006, RR-111
- Coupled multi model response of “Active” and “Break” phases of Indian summer monsoon to enhanced CO₂ effect, Mandke Sujata K., Sahai A.K., Shinde M.A., Joseph Susmitha and Chattopadhyay R., June 2006, RR-112
- An objective study of Indian summer monsoon variability using the self organizing map algorithms, Sahai A.K. and Chattopadhyay R., July 2006, RR-113
- Termination of Indian Ocean dipole event in an ocean general circulation model, Thompson Bijoy, Gnanaseelan C., Parekh Anant and Salvekar P.S., March 2007, RR-115
- Performance of NCMRWF models in predicting high rainfall spells during SW monsoon season - A study for some cases in July 2004, Khaladkar R.M., Narkhedkar S.G. and Mahan P.N., April 2007, RR-116
- OLR and Rainfall Variations Across India in Relation to Changing Global Atmospheric Thermal Conditions, Singh H.N., Singh Nityanand and Sontakke N.A., April 2007, RR-117
- Characteristics of Hydrological Wet Season over Different River Basins of India, Ranade Ashwini A., Singh Nityanand, Singh H.N. and N.A. Sontakke, September 2007, RR-119
• Chief Features of Physiographic Rainfall Variations across India during Instrumental Period (1813-2006), Sontakke N.A., Singh H.N. and Singh Nityanand, May 2008, RR-121

• Climatic and Hydroclimatic Features of Wet and Dry Spells and their Extremes across India, Singh Nityanand and Ranade A.A., August 2009, RR-122

• Alarming Rise in the Number and Intensity of Extreme Point Rainfall Events over the Indian Region under Climate Change Scenario, Khaladkar R.M., Mahajan P.N. and Kulkarni J.R., August 2009, RR-123

• Determination of Onset and Withdrawal Dates of Summer Monsoon across India using NCEP/NCAR Re-analysis, Singh Nityanand and Ranade Ashwini A., January 2010, RR-124

• Examining Indian Monsoon Variability in Coupled Climate Model Simulations and Projections, Kulkarni Ashwini, Kripalani R.H., Sabade S.S., February 2010, RR-125

• Large-Scale Wet Spell and Spatio-Temporal Rainfall Extremes over India during 1951-2007, Ranade Ashwini, Singh Nityanand, July 2010, RR-126

• Scientific Evaluation of Air Quality Standards and Defining Air Quality Index for India, Beig Gufran, Ghude Sachin D., Deshpande Aparna, August 2010, RR-127

• The Importance of Coupled Sea Surface Temperatures to the Northward Propagation of Summer Monsoon Intraseasonal Oscillation, Mandke S.K., Shinde M.A. and Sahai A.K., March 2013, RR-129

• Development of Extended Range Prediction System Using CFSv2 and Its verification, Borah N., Abhilash S., Joseph S., Chattopadhyay R., Sharmila S. and Sahai A.K., July 2013, RR-130
